

QUIXANT

iQONAIR1[™]

Elite performance.
Endless possibilities.

www.quixant.com

Unleash your creativity with the IQON Air 1

The IQON Air 1 is a versatile and high performing all in one platform, suited to a wide range of game and sports betting kiosk requirements. With advanced I/O capabilities, the fanned model will allow you to push your content and customer experience to the limit.

Like all of our platforms, it includes our market-leading Software Suite solutions, which have been developed to enhance the gaming and sports betting experience.

A powerful all in one hardware platform able to manage all gaming and sports betting requirements

A powerful and versatile all in one platform with advanced I/O, NVRAM and Quixant's range of game changing Software Suite solutions. The platform enables you to develop exceptional content and launch your market leading products in record time.

Unrivalled CPU and graphics processing power

Enabling you to deliver higher resolution content and an enhanced customer experience.

Ensures regulatory compliance across markets

A compliant solution that meets the requirements of all major global gaming jurisdictions, including GLI-11, so you can focus on enhancing the customer experience, without the worry of regulatory compliance.

5-year supply lifetime

Confidence in a reliable and powerful solution that will be supported and delivered for five+ years, so you do not have to worry about hardware and can focus on content, and bringing your cabinet or kiosk to market in record time.

Processing unit

- AMD Ryzen™ embedded R1000 or V1000 series
- Options for R1505G, V1605B and V1807B
- Dual or quad 64bit Zen cores
- Core frequencies of 3.8GHz with boost

Integrated GPU

- Integrated AMD Radeon Vega™ graphics
- Drives up to four independent 4K displays via DisplayPort 1.4 interface
- Hardware accelerated 4K video encoder/decoder

Main memory

- 2 x DDR4, 2400 SODIMM sockets
- Up to 32GB main memory

LAN / USB

- 2 x PCI Express® Gigabit LAN interfaces
- 4 x external USB ports (2 x USB 3.1, 2 x USB 2.0)
- 4 x internal USB pin headers

Storage

- 2 x CFAST sockets up to 6GB/s
- 2 x SATA3 sockets up to 6Gb/s (SATA DOM, SSD, HDD)
- 2Kbits of user EEPROM storage (optional up to 128Kb)

Audio

- Integrated HD audio controller 7.1 audio channels
- 2 x stereo 18W/ channel 4-Ohm digital amplified outputs

Power requirement

- Operating voltage: 12V

Serial interfaces

- 6 x serial ports
 - 2 x RS232 full
 - 2 x RS232 Tx/Rx
 - SAS hardware support
 - 1 x JCM ID003 (optional)
 - Up to 2 x ccTalk
 - 1 x RS485 (optional)
- 1 x SPI header for clock serial peripherals (e.g. SEC meter) or LED strips
- 1 x I2C interface
- 2 x iButton interface

System features

Essential

GPIO

- Up to 32 digital inputs
 - Efficient and responsive handling of digital inputs
 - Hardware support to eliminate bouncing of input lines
- Up to 32 digital outputs
 - Presence detection of electromechanical meters

Enhanced

NVRAM

- Fast 64 bit PCI Express® interface
- 4MB of NVRAM – two independent physical banks
- Battery backed SRAM
- Hardware accelerated memory bank mirroring, copying, verification and CRC support
- 5-years battery life

QSys and QSensor

- Temperature and voltages monitoring
- Automatic battery health check

Illuminate

- Up to 4 x LED strip interfaces

Authenticate

- TPM 2.0 (option)
- Unique electronic serial number
- 2Kb Secure EEPROM with SHA-3 authentication

Protect

- Metal case with keylock
- 13 x monitored intrusions including jumpers' supervision
- Embedded HW AES256 engine, ECB and CBC

The ultimate hardware platforms. Integrated software on board.

Unleash your creativity and develop with confidence on Quixant's market-leading hardware platforms. They come with our Software solutions as standard, created to optimize game and sports betting content development and delivery, allowing you to spend your time on content development so you can get ahead of the game.

Explore how partnering with Quixant will enable you to focus your development efforts on enhancing the customer experience and to launch world-class products in record time.
